Respected Sir/ Madam,

Sub: Proposal for Association with **Sumathi Reddy Institute of Technology for Women** as an Online Skill Development and Campus Recruitment Training Partner.

Greetings from Conduira Education and Training Services Pvt. Ltd.

Conduira Online (www.conduiraonline.com) is an emerging Ed-Tech leader in the space of Test Prep and Skill Development. Founded and managed by a team from IIMs and Other Top 10 MBA Schools, Conduira Online is a test agnostic learning platform that leverages data sciences, learning models and technology to provide test-prep and employment aspirants with goal-based personalized and curated learning paths to help them chase their goals of employment and higher education.

With over 10 years of experience in Recruitment Training, Skill-development Training, Personality Enhancement and Test-prep Training- like GRE, CAT, Bank POs, etc., Conduira boasts a strong in-house Academics and Content-Delivery Team.

Developed and supported by PhDs in Machine Learning and a team of Technology experts from Google and Amazon, Conduira Online platform uses learning algorithms that recommend to the user personalized learning paths and provide him the right inputs at the right time. While our learning paths have reduced a student's learning time by 30 to 50%, students who followed our learning paths have seen an improvement in their performance by 9%tile points between two evaluations.

We help Universities and colleges in up-skilling their students to make them employable and placement ready through our Skill-development and Recruitment Training courses starting from 1st year to Final year of Graduation.

We are currently working with 45+ Universities and colleges pan-India and have trained more than 1.5 lakh students on Conduira Online platform till-date. Some of our prestigious clients include:

- University College of Engineering, Osmania University (OU), Secunderabad
- Andhra University, Visakhapatnam
- Rajiv Gandhi University of Knowledge Technologies (RGUKT)- IIIT, Nuzvid

3. Key Takeaways:

- **Diverse Idea Generation Techniques:** Participants gained exposure to various techniques, enabling them to approach idea generation from different angles.

- **Importance of Validation:** The significance of validating ideas to ensure their viability and market demand was deeply ingrained.

- **Practical Validation Tools:** Participants learned about practical tools and strategies to effectively validate their ideas.

- **Collaborative Learning:** Group activities encouraged collaborative thinking, allowing participants to learn from each other's perspectives.

4. Participant Feedback: Participants provided positive feedback on the interactive nature of the workshop, praising the practicality of the techniques and tools taught. They found the group activities particularly helpful in applying the concepts learned in a hands-on manner.

5. Conclusion: The "Idea Generation and Validation" workshop successfully empowered participants with valuable skills to generate creative ideas and validate them effectively. By blending theoretical knowledge with practical application, the workshop fostered a dynamic learning environment. Participants left with a renewed sense of confidence in their ability to generate, assess, and pursue innovative ideas.
